

Press release

<Phenomenal Gemstone Phenomena> Seminar by Gemological Institute of America (GIA) Thailand

KUALA LUMPUR: Malaysia International Jewellery Fair (MIJF) is returning on this coming July 19-22 (Thursday – Sunday), 11am-7pm, at one of the most well-known trade hub in Southeast Asia - Kuala Lumpur Convention Centre.

In conjunction with MIJF 2012, the organizer is delighted to announce the debut of most resourceful educational gemology seminar – “Phenomenal Gemstone Phenomena” Seminar, presented by Gemological Institute of America (GIA) Thailand campus on July 21, 2012, from 1pm – 3.00pm in Kuala Lumpur Convention Centre.

By attending this informative gemology seminar, MIJF visitors will keep themselves abreast with the wonderful of gemstones that formulate as a phenomenon. The speaker, Dr. Laurent Massi, who is also the director of GIA Thailand Education, will address every category of optical and structural phenomena of gemstone and thus describe the definitions, and origins of these beautiful gemstones with numerous pictures as strong illustration.

The seminar is opened to all jewellery industry's entrepreneurs, wholesalers, retailers, connoisseurs, undergraduate students, industry players, managers, exhibitors, trade buyers, and etc. Admission is free. Please contact the organizer for reservation of seats today!
