

For Immediate Release

MIJF 2015: Insightful Jewellery Seminar presented by GIA and GIT

KUALA LUMPUR: Malaysia International Jewellery Fair (MIJF) will be return on August 21 - 24 (Friday- Monday), 11am – 7pm, at one of the most well-known trading hub in Southeast Asia – Kuala Lumpur Convention Centre (KLCC).

In conjunction with MIJF 2015, the organizer is pleased to announce the debut of 2 most resourceful educational gemology seminars – “Gemstones Treatments and Detection” Seminar, presented by Mr. Thanong Leelawatanasuk, representative of The Gem and Jewelry Institute of Thailand (GIT), on August 22, 2015 (Saturday), from 2pm-3pm. Treatment is one of the most important price controlling factors of the gemstone, this seminar will provide a comprehensive information about gemstone treatment and some simple tips for detection.

Besides, “An Update on Ruby and Spinel Treatments” Seminar will be presented by Ms. Sudarat Saeseaw, a gemology expert from Gemological Institute of America (GIA), on August 23, 2015 (Sunday), from 3pm-4pm. Participants will find out and discover how microscopy examination of inclusions improve and confirm the heat treatments that usually applied in improving the color of rubies and lasted new treatments – cobalt diffusion applied in spinel in this seminar.

Both seminars will be held at Stage Area, Hall 4, Kuala Lumpur Convention Centre. Public and all the jewellery's trade buyers are welcomed to join the seminars. Admission is free and don't missed out this opportunity! Kindly contact the organization for seats reservation before July 31, 2015. (Tel) +603 5891 1157 or (Email) info@eliteexpo.com.my.
